SIMS NOW SAYS HE WAS MISQUOTED

Report of Sinn Fein Speech Misleading, Garbled, Admiral Says

TEXT FOLLOWS BOOK

He Holds That Statements in England Same as Those Formerly Made in This Country

Remarks attributed to him in press reports of his recent address before the English Speaking Union in London in which he criticised activities of Sinn Fein sympathizers in this country were not correctly quoted and were misleading Admiral William S. Sims said yesterday by Secretary Denby.

"Statements that were attributed to me," said the message, "Were not correctly quoted. Context misleading and garbled. Report of statements is incorrect and inferentially wrong. Statement actually made was substantially the same as repeatedly made in public in America and in my book "The Victory at Sea," and in public address at meeting held for increasing good relations between the English speaking people."

Secretary Denby would not comment on the admiral's message. In view of the fact that Mr. Denby Friday revoked the remainder of the officer's leave of absence and ordered him to return at once to the United States to report in person at the Navy Department, it was indicated no further steps would be taken in the case until Admiral Sims' return. It then will be decided, it was said whether Secretary Denby would press his inquiry into the matter.

Admiral Sims' reference in his cablegram to his speeches in this country recalled the addresses he made in Boston last winter, in which he assailed Sinn Fein sympathizers in this country, Secretary Denby was bombarded with telegrams and letters demanding that disciplinary action be taken against the officer, but no such steps were taken.

London, June 13.—Rear Admiral Sims will sail for home on the Olympic Saturday as he planned. He continues to keep his appointments and is lionized in the same manner as has marked his reception here from the first. Admiral Sims is dining tonight with Lord and Lady Swaythling, at their home in the fashionable Kensington court district.

After receiving the cable from the Secretary of the Navy yesterday Admiral Sims went to the dinner of Thames Royal Yacht club in Piccadilly, where he was the guest of honor. Tomorrow night he will be the guest of Ambassador and Mrs. George Harvey, of Chesham place.

Admiral Sims' multitude of friends here are showing greater anxiety over his predicament than he himself outwardly displays.

It was learned last night from Southampton that the advance list of Olympic passengers issued yesterday does not include the name of Admiral Sims.

Condition Improving

Representative R. Walton Moore Expects To Leave Hospital This Week

Washington, D. C., June 13.—Representative R. Walton Moore, of Virginia, who has been confined to Garfield Hospital for the last few days, was reported very much improved today, and expects to leave the hospital by the middle of the week.

Mr. Moore underwent a minor operation for a carbuncle on his neck. His secretary said this morning that Mr. Moore suffered considerable pain at first, but was resting comfortably now, and that he expected him back at his office this week.

In Auto Accident

E. B. Walker Thrown From Machine While Near Gettysburg, Pa.

Edward B. Walker, circulation manager for the Alexandria Gazette, was injured about 5 o'clock yesterday afternoon when an automobile of which he was an occupant, went down an embankment while near Gettysburg, Pa.

The machine was driven by Chas. Potter, of this city, and both were returning from a visit to Chambersburg, Pa., where they had spent the day. Without warning a colt appeared in the road and Mr. Potter put on his brakes and as he did so the machine swerved from the road going over an embankment throwing out both of the occupants and considerably damaging the machine.

Mr. Potter hailed a passing automobilist and had Mr. Walker brought directly to his home in this city where he was treated by Dr. Edward A. Gorman for badly bruisd hips and also a sprained left wrist. Mr. Walker's injuries while painful, are not serious.

His many friends are glad to learn that his condition today is considerably improved.

Mr. Potter came to Alexandria by train. He sustained bruises on the legs. The machine was left at Gettysburg.

YOUNG WOMEN MAY REGISTER UP TO AUG. 2

That women who are not already registered voters are regarded this year in the light of young men coming of age, and may therefore pay their capitation tax and reister as late as the day of the Democratic primary, August 2nd., has been clearly set forth in a letter mailed on June, 9th., by Hon. C. Lee Moore, Auditor of Public Accounts, to commissioners of revenue and to county and city treasurers throughout the State, instructing these officials to assess women and receive their poll taxes up to and including the day of the primary. Mr. Moore prefaces his instructions with the ruling of the Attorney-General in this matter.

PASTOR SCORES TROLLEY FARE BOOST

Dr. D. H. Martin, Pastor of Trinity Church Takes Up Subject

TO BOYCOTT ROAD

Pastor Says Railroad Fare Should be Coming Down Instead of Going up —Appeals to Government

A boycott of the Washington-Virginia Railway Company was unanimouly endorsed by upward of 300 residents of this city and its environs last night as a means of protesting the increase of from 2 1-2 to 3 cents a mile on cash fares and 25 per cent on commutation tickets granted that railroad by the interstate commerce commission Saturday, providing the increase becomes effective July 13, as proposed.

The boycott proposal was made by the Rev. D. H. Martin, pastor of the Trinity M. E. Church, of Alexandria, Va., in a scathing denunciation of the commerce commission's action, delivered from the pulpit of the church during the evening devotional services.

When the Rev. Mr. Martin concluded his remarks the entire congregation, numbering approximately 300, arose in a body and pledged unanimously to boycott the railroad rather than pay the proposed increase in fare.

"The boycott is an extreme measure, but sometimes it is advisable, necessary, and justifiable, as well as effective," said the Rev. Mr. Martin, "If the decision of the interstate commerce commission authorizing the increase in fares on the Washington and Virginia railroad lines goes into effect as proposed, the commuters should seek other means of transportation."

As an initial step toward the solution of the matter the Rev. Martin urged the people to petition Congress to investigate the decision of the interstate commerce commission to determine the reason why the decision was made in favor of the railroad company.

"If this decision fails, and the government will not defend the people against the profiteer it becomes necessary for the people to defend themselves as best they can by means of the boycott," said the Rev. Martin.

The decision granting the increase in rates has caused considerable discussion among the persons who daily commute between Wahington and nearby sections of Virginia, and in many instances the proposal of a boycott has met with approval.

"The decision of the interstate commerce commission to grant the Washington and Virginia Railway Company the privilege to increase its rate has been received by thousands of commuters in Virginia and the District of Columbia with mingled feelings of anger and disgust," said Rev. Martin.

"Railway fares should be coming down instead of going up," he continued, "and especially on this line where the service is far from satisfactory. Every pulpit in this part of Virginia and every citizen who stands for a square deal should protest against the action of the interstate commerce commission with all their might.

"The people do not expect anything but the spirit of greed from the railways, but they do look to the government to protect their interests. Decisions of this kind make bolsheviks. There is nothing that will cause revolution in this country more certainly than legislation favorable to the corporations as

Luxury Retards
Poor Rich Boys

Chicago, June 13.—Woeful conditions exist among the poor little rich children of the gold coast aristocracy according to Dr. Caroline Hedger, director of the infant welfare society.

Elaborate attention has been paid the children of the slums and the poor districts of the city. They have visiting nurses, free ice, milk of the best quality, playgrounds, swimming and wading pools and schools equipped with every modern convenience. The children of the rich were left to shift for themselves, the idea being that they had everything they desired or needed.

Dr. Hedger says, however, that in one exclusive north side school fully 50 per cent of the pupils are of subnormal weight and more than half of these are 7 per cent, under the correct weight.

Auto Owners Come Forward and Pay City License Tax

Mayor Duncan reported a brisk business since the publication of the final notice to owners on Saturday.

Henceforth all persons who are not provided with the city license tag will be arrested and a fine imposed. It is expected that the round up of the delinquents will begin tomorrow.

Paucity Of Jail Birds

Not a Single City Prisoner In Jail

For the first time in a quarter of a century the city jail is without a single city prisoner. Inquiry at the jail today developed that the jail has been without a city prisoner since June 3 last.

The city jail at the present time contains only about five prisoners, all of whom are state prisoners.

City Sergeant Cox was unable to explain the paucity of prisoners at the jail when interviewed this afternoon by a representative of The Gazette. The usual number of arrests are being made by the police, but is stated that practically all persons who are arrested and fined pay their fines and one Policeman explained that those who commit crimes against the city have more cash than formerly, it being pointed out that almost invariably the persons taken in custody quickly produce the required collateral or else have their friends come forward and pay their fines. Anyhow, the jail is almost barren of prisoners. Just how long this will continue, however, is problematical.,

BRITISH ENVOY TO QUIT UNLESS POLE APOLOGIZES

Warsaw, June 13.—The British Minister to Poland, Sir William Granfell Max Mueller, today announced his intention of withdrawing from his post unless an immediate apology was made by the president of the court martial which tried the Polish Lieutenant Henry K. Iwanicki, recently executed for stealing Polish army mobilization plans and selling them to agents of a foreign Power.

Warsaw newspapers charged that the British Intelligence Service was the purchaser of the stolen plans. Sir Wiham said that as the trial took place behind closed doors, the court martial president was responsible for the stories published. He denied the British had any connection with the Iwanicki case.

Danger In River Bathing

Health Officer Says Typhoid Germs Lurk in River

Many boys and young men can now daily be seen bathing along the river front. It must be considered that the river is polluted with the sewerage from the entire city of Washington, and from this city as well.

Any person bathing in this water is in grave danger of being infected with the germs of typhoid fever says Dr. L. E. Foulks, city health officer.

I have time and again given public warning in regard to this matter, but the people seem to pay little attention to it.

If people insit upon bathing in this sewage polluted water, they should first take the anti-typhoid inoculation. Your doctor will give this. Those who are unable to pay the regular fee, can be inoculated at the Health Department for 50 cents, a charge to help pay for material used.

This is a sure prevention of typhoid fever, and it certainly seems strange why people neglect to make use of it. It renders a person safe for at least two years. There is absolutely no excuse for any person to have typhoid fever unless they want it!

Keep also in mind that the fly is the chief distributor of typhoid. Keep them out of your house at any cost. Kill them on sight and keep at it.

Don't go any in the country and drink from springs. There are very few springs in this section of the country that are not polluted.

Don't forget that if you get typhoid, you can blame no person but yourself, for the anti-typhoid inoculation is an absolutely safe and sure prevention.

WATCHING BOWL OF FISH GOOD MEDINCINE FOR NERVES

Chicago, June 13.—Are your nerves? Is this city life getting the best of you? Are the taxicabs, the traffic cops, the latest dances giving you the jimmies? Does the Stillman case and Jack Dempsey's health cause you sleepless nights?

Then you need some fish.

Oh, no, not that on the menu, but an attractive jardinier of osphoromenus trichopterus. You want to watch the macropodus viridiauratus playing in your soup tourean.

Fred G. Orsinger, president of the Chicago Aquarium Society, is authority for the statement that a bowl of pretty fish in the home will prevent and cure nervous disorders.

"Watching a group of beautifully colored fish is the most restful phenomenon known," he said. "It relaxes tight nerves, it soothes the wrought up mind."

"Hospitals are realizing the value of bowls of fish and are installing them in the rooms of convalescent patients who are told to watch the fish hour after hour. The fish have a tonic effect that is remarkable.

"It is a matter of psychology. The fish, shimmering in gold, purple green and silver, slip through the cool green water in an easy, graceful way. The patient catches the languid spirit of the aquarium."

GARLAND MAY REFUSE ANOTHER MILLION SOON

Buzzards Bay, Mass., June 13.—Charles Garland, who startled the country in general last fall when he refused a $1,000,000,000 fortune left him by his father, is likely to pass up another fortune, in the near future.

Charles Tuller Garland, a wealthy uncle for whom he is understood to have been named, died at Senning, England June 9. Whether this entails a bequest to his namesake who is now a full fledged farmer here, has not yet been disclosed.

W. VA. LINE GRANTED INCREASE IN FARE

Higher Rates Soon Will be Operative Under Ruling of I. C. C.

GENERAL INCREASE

Report Says "Road is Greatly Overcapitalized"—Also Says the Increase Will aFll Short by $19,806.

Washington, D. C., July 13.—Increased fares of the lines of the Washington-Virginia Railway Company were authorized last night by the Interstate Commerce Commission.

The commission ordered the railway company to withdraw, on or before July 12, present schedules providing increased fares on the company's lines. It also authorized the company to file, in compliance with a report issued concurrently with the order, new schedules on not less than five days' notice to the commission and to the public, providing increases in the fare rate and changes in the commutation rates are outlined in the commission's report.

The company may immediately withdraw the proposed schedules, now under suspension, and may immediately file supplementary schedules with increases in compliance with the findings of the commission. Fares contained in the new schedules would be effective son after filing.

The proposed schedules have been under suspension by the commission since February 13. They asked for an increase in the flat fare on the line of the company from 2.5 cents a mile to 3 cents a mile; an increase of about 25 per cent in the cost of the fifty-two-trip commutation book; discontinuance of the twenty-five-trip family ticket, and an increase of one cent in the cash fare added to the ticket fare, from Rosslyn, Va., to the 12th street terminal of the company.

The commission, in its report made public last night, found that the "proposed interstate single fares, which approximate 3 cent sa mile, have been justified"; that the proposed fifty-two-trip commutation fares, including commutation fares from points on the Falls Church division to Rosslyn, when used as part of the interstate fares to 12th street, have been justified, except that from Clarendon the fifty-two-trip interstate rate to Rosslyn shoul dnot exceed $3.22.

Regarding the proposed discontinuance of the twenty-five trip family ticket, on which attorneys for the railway company placed emphasis at hearings before the comission, the commission held that the discontinuance of the ticket was not justified by the evidence, but that the ticket should be continued at not to exceed 70 per cent of the single fare and may be limited to use by five members of a family for two months, under conditions similar to those now

That Fatal Raise!

The Washington-Virginia Railway has cut its own throat! It has persisted in its ill-judged endeavor to raise the passenger fares between Washington and Alexandria until it has attained some measure of success. But we predict short shrift and a long tow when the irate people arouse themselves to retaliatory action.

We long ago advised this ostrich-headed corporation that the best policy of any public-utility was to consider the welfare of its patrons as its first prerequisite to success. It has chosen to adopt the contrary policy and must abide the consequences.

As to the decision of the Commission, we shall say nothing at present. We urged repeatedly upon the attorneys of the commuters and the people that they employ an expert to go through the books of the Railway Corporation. That the figures of the latter's experts were made to show anything favorable to its cause; and were absolutely silent as to those facts vital to the contention of the public. This advice went unheeded. It is now too late, however, to suggest the errors of omission and commission.

But there are other remedies yet open to an outraged citizenship. With the new road to Washington opened next month; with a motor-bus transportation improved to a degree that will render it superior to the antiquated service of the Washington-Virginia Railway Company; with proper terminal facilities in Washington and Alexandria—much can still be done to maintain Alexandria as the most convenient residential suburb of the national capital. The crowded cars of the railway company, the wretched apologies for terminal stations in both cities, and the general contemptuous treatment of the traveling public—will furnish the necessary spur to a total re-adjustment of the conditions of travel.

The sooner the Washington-Virginia Railway Company is made to feel the error of its ways, the better it will be for all concerned. That this result may be finally attained is worth some present sacrifice and discomfort on the part of the public.

STOP SUNDAY BALL

(Communicated)

Sylvester A. Breen, president of the Cardinal Athletic Club, was served notice by an officer of the Alexandria police department yesterday that his team would not be allowed to pay baseball on the Alexandria High School grounds, as the Alexandria School Board would not allow Sunday baseball games to be played thereon. Why shoud the tax payers and voters be denied the use of these public grounds for baseball games on Sundays?

The field is there and no damage whatever is done to it by baseball players The Cardinals have made it possible for baseball games to be played on these grounds by having the hill plowed away, harrowed, and the diamond graded to an almost even surface.

Everybody who have attended the Sunday baseball games played in Alexandria appear to enjoy them. Those who do like Sunday baseball games can stay from them, but they have no right to force others to do likewise.

The members of the Board of Aldermen and the City Council should give the Sunday baseball playing privilege on the High School field either their approval or disapproval. They represent the voters of the city and they should see that the said voters are not slighted by those whom they put in power.

The game it have been played with the Railroad Administration baseball team of Washington, Sunday, had to be canceled. They were at the station in Washington ready to entrain for this city, and were greatly disappointed because of their inability to play the Cardinals.

THE ROMANCE OF WORDS

"Tinker's Dam"

Relying solely upon the phonetic sound of this expression, it appears to be distincty profane and a number of writers have fallen into the error of spelling "dam" as if it were the word derived from the same source as "condemn."

To say that a person or a thing is "not worth a tinker's dam" is, however, not limited in any manner to profanity, but gats it meaning from the fact that a tinker's dam was a wall of dough (or soft clay) raised around a spot which a plumber, in repairing, desired to flood with solder. The material of which this dam was made could be used only once and was then thrown away as utterly worthless. Meanwhile, it had served the purpose of stopping or daming up the molten metal. The colloquial simile is, therefore, derived from this short period of usefulness and not from any widespread use of the word "damn" on the part of tinkers or plumbers.

INGOMAR THEATRE

There are thrills and laughs galore in "Big Town Ideas," a William Fox feature at the Ingomar Theatre today, in which Eileen Percy one of the most beautiful women of the screen, is provided with one of the most fascinating leads ever entrusted to her.

RICHMOND THEATER

"His Greatest aScrifice," in which William Farnum appears, will be shown at the Richmond Theatre today. It is a tensely dramatic story, and one in which the popular Wm. Fox star shows to the full his splendid talents as an actor.

The story has to do with a wife who sacrifices home, husband and child to win fame as opera singer. She does win fame, and with it wealth; but in after years, when glory has faded and she wants the greatest thing in the world—happiness—she finds she cannot get it from the husband and child she so selfishly abandoned.

"His Greatest Sacrifice," is fine drama finely acted.

Mrs. Barrow Says She Can Never Pay The Debt of Gratitude She Owes to Tanlac

"I have often seen the time during the past two years that I just felt like I would give anything in the world to be well and strong like I am now since taking Tanlac," declared Mrs. W. O. Barrow, of 34 Pelham avenue, Schoolfield, Va.

"I don't believe anybody could suffer with indigestion any worse than I did and live through it all. The last two years were just one unbroken period of misery, and lots of times I went without eating a bite rather than suffer the pains and distress I knew would follow. I had pains and cramps that were almost unbearable, and at times I just ached all over. Even my shoulders hurt so bad I could not raise my hands up to put a shawl around me. I would become so dizzy and fainty sometimes I couldn't stand up, and I often had sinking spells.

"Every time I think of how much I suffered I can't help feeling thankful for this wonderful Tanlac that has restored my health so perfectly. I am eating just anything I want and everything agrees with me so well. I have gained in weight and have been built up wonderfully and I feel so well and strong I can never repay the debt of gratitude I owe to Tanlac.

PASTOR SCORES TROLLEY FARE BOOST

(Continued from page one)

existing in the use of the ticket.

The commission found that the proposed increase form 5 to 6 cents in the cash fare charged in addition to the Rosslyn transportation coupon for transportation to the 12th street terminal of the company from points on the Falls Chuch division has not been justified.

The report was made by Commissioners B. H. Meyer, C. C. McChord and C. B. Aitchison.

"The record as a whole plainly indicates that the road is greatly overcapitalized," the report said, "and affords no tangible basis on which alone to determine what should be the measure of a reasonable system of charges on a basis of the fair value of the property devoted to the public use."

Total outstanding stocks and bonds of the company are $7,462,000, the report said, ading that the consulting engineering company now operating the road claimed a fair value of $4,000,000 on which to base a fair rate of return. Attorneys for the protestants, representing citizens' associations in Alexandria, Falls Church, Clarendon and other points and organizations along the company's lines claimed a fair value of the physical property of the road was $2,000,000. On this point the commission made no comment except to state that the record shows overcapitalization.

The report said the road, under the proposed increased fares(will fall by $19,806 to meet operation and interest charges. Major renewals amounting to $64,452 are now in sight for 1921, the report said, including improvements in Potomac Park, required by the War Department and the District Commissioners, and 4.5 miles of new trolley wire between Vienna and Fairfax, Va.

Based on 44.57 miles of road, bonds of the company represent about $70,000 per mile, the report said; bonds and other obligations represent about $130,644 per mile, and bonds, stocks and other obligations combined represent about $184,075 per mile. Only 11.40 miles of the road are double-tracked, the report said, and there are no expensive terminals. No appraisal of the road property has been made.

The proposed rate on the authorized fifty-two-trip fare books compares favorably with th erates paid by passengers on other suburban electric railways about Washington, the report concludes.

SPORTS

The Dreadnaughts made in seventeen straight by defeating the Civilian team from Camp Humphries Saturday by a score of 14 to 4, and the Southlands yesterday by a 6 to 2 score. The Humphreys team was leading 4 to 3 up to the sixth inning but when the D's took their turn at bat in this inning, they hit the opposing pitcher with everything but the water bucket, as they registered nine hits and eight runs including a couple of doubles, one triple and a circuit clout by Ludlow with Hayden on second. Yesterday's game was a pitchers battle for the first five innings between Frye and Bryant. To say, these two birds were good is putting it mild as they had everything you could put on a ball. Bryant is one of the maintays of the Rex pitching staff, and when you consider he beat Clarendon last week, 10 to 1 you will have to admit he is some pitcher. The D's got to him in the sixth inning for a couple of runs and once taking the lead were never headed. Frye pitched one of the best games seen in this section for some time allowing but seven scattered hits and being able to put the screws on in the pinch. General all around team work Stevens hitting and airtight support featured this contest. At the rate this bunch is playing, they should be able to claim anything in this neck of the woods in regards to champions Northern Va., Maryland or the District of Columbia. Next Saturday, they play the Government Printing Office and Sunday they oppose the farfamed Rex A. C. This game should be a thriller and we expect every baseball fan in this burg to be on hand rooting for the D's. Extra seating accomodations will be made on the field this week and there will be room for all. Folow the D's if you like a winner.

Six-Year-Old Finds Grandfather a Suicide

When a 6-year-old boy went into the attic of his home to play yesterday afternoon, he found the body of his grandfather hanging from a rope attached to a beam supporting the roof. The grandfather, William Munch 54 years old, of 3309 North Uber street, had been despondent for some time because of ill health, the police say.

Cries of their son, Herbert Spencer brought his parents to the attic and they cut the body down.

VIRGINIA NEWS

The unusually poor prospects for fruit is the outstanding feature of the June report of the United States bureau of crops estimates. The report also shows that May was an unfavorable month for nearly all Virginia crops, because the cool, dry weather experienced in nearly all sections except the eastern part of the state retarded the growth of crops, especially corn and hay. The condition of the apple crop is 7 per cent of normal. This forecasts a production of only 1,351,000 bushels, compared with 15,210,000 bushels last year and 9,905,000 bushels in 1919. This is the smallest crop since the annual estimates were commenced in 1889, and, according to many old reporters, the smallest during the past 50 years. The freezes of March 28-29 and April 11-12 came when the trees were in full bloom, and practically all the fruit, except in a few northern counties where the bloom was later, and in the counties on the Chesapeake bay, was killed.

Charlottesville,— Mrs. Edith R. Duke, Jr., wife of Judge R. T. W. Duke, Jr., died Saturday at her residence on Park street. The funeral was held yesterday afternon at the residence, and the body will be taken Sunday to Washington for cremation. Mrs. Duke was Miss Edith R. Slaughter, of Lynchburg, Va., eldest daughter of J. F. Slaughter, of that city. Besides her husband, she is survived by five children—Miss Mary Duke, apt. R. T. Walker Duke U. S. A., J. F. S. Duke, William Eskridge Duke, and Helen R. Duke. She also leaves a brother and sister—William A. Slaughter, of Mount Holly, N. J., and Dr. Rosalie Slaughter Morton, of New York city.

Average prices compiled by Henry M. Taylor, of the United States Bureau of Crop Estimates, show that the level of prices paid farmers in Virginia is nearly 50 per cent less than the level last year, and only 17 per cent more than the 1914 level. The price of wool, apples, potatoes and cotton has declined the greatest during the past year, and these products are now below the pre-war prices. Corn is only bringing the farmers 2 cents more than in 1914, and is now $1.08 less than the price last year. Potatoes show the largest decline from last year; the average on May 15 was 56 cents per bushel, compared with $2.85 per bushel last year and 63 cents in 1914. The prices of butter, eggs and chickens have fallen less than other farm products, but even these are considerably less than last year. Butter is 28 percent less than last year; eggs 40 per cent, and chickens 15 per cent.

Lynchburg—J. N. Wood, Deputy Internal Revenue Collector here, led raids recently in Eastern Compbell county, which resulted in four 50-gallon steam stills being put out of commission and about 6000 gallons of "beer" being destroyed. The raiders also captured 30 0pounds of sugar, a lot of meal, barley, malt and some 200 fermenters. The Government also fell heir to five hogs and four cords of firewood as the result of the raids. These are the largest steam stills ever captured in this section.

After Wall St. Losses N. Y. Attorney a Suicide

New York, June 13.—Horace Secor, at one time a law partner of former State Senator Page, today committed suicide at his Riverside Drive home by shooting himself through the head.

He added that Mr. Secor had won and lost several fortunes in the last thirty years, and recently had made several unfortunate investments in Wall Street.

Father Finds Three Daughters in Morgue

INCREASE IN FARE

(Continued from page one)

against the welfare of the people.

"It is high time the government released the people of this country from the grasp of greedy profiteers and brought the profiteers to punishment. The people stood patiently for all kinds of goughing during the war in order that the government might not be embarassed by their complaints but now in days of peace the people will not stand unscrupulous dealings much longer.

"What defense have the thousands of commuters against the decision of the commission in favor of the railroad company? The commission defends its action on the ground that the expenses of the company necessitates the increased fare, but the people have yet to be convinced that the facts brought out at the hearings were such as to justify the rail road in raising its rates.

"Shall the people ask congress to take away the charter of the railroad? If the railroad cannot operate on its present rates it should go out of business for the people are not able to pay higher rates, and nobody would ask or expect the railroad to operate at a loss.

"In case the proposed rates go in to effect what does the railroad propose to do for its employes? Surely, increased fares should increase the wages of the employes proportionately. Perhaps it would be well for the commuters to petition congress to investigate the decision of the interstate commerce commission to determine the real reason why the decision was made in favor of the rail road and against the people."

SPORTS

The game booked for Saturday, June 11th on North Alfred Street diamond between the Alexandria Torpedo Station Baseball Team and the Red Sox A. C., was forfeited by the Red Sox A. C. failing to appear on diamond at the designated time. This coming Saturday, June 18th the Alexandria Torpedo Station will play the Peerless A. C. of Washington. A good game can be expected. The battery for the A. T. S. are likely to be Hall and Johnson. The A. T. S. has the following schedule ahead of them. Saturday, June 25, Bolling Field at Anacostia; Saturday, June 2nd, Hartford A. C., at Alexandria; Saturday, July 9th with Rosebuds a local team composed mostly of old local ball payers, Saturday, July 16 open and Saturday, July 23, Naval Hospital from Washington, D. C., at Alexandria. There have been no further arrangements made for games because we are waiting to hear from the Torpedo Station, Newport R. I. After we hear from them and get date set we would like to play the Cardinal A. C and also the big D's. Come on ond be good baseball sports and play local teams as well as out of town teams. Show that you are the real baseball sport as you claim to be and give us a chance at you. I know you will have as much of a crowd if not a larger one by playing local teams. We're not after any money, we will play for the benefit of anything, say the Salvation Army who helped and fed service men when it was impossible for them to get help or food anywhere else. The Salvation Army Lassies that fed them doughnuts during the war need our help now ti help themselves. Come be a game sport and lets play baseball for a benefit and for the sport that's in it. If we get beat we get beat, we are easy losers. If Saturday July 16th is OK we would like to hear from the manager of the D's this being the only open date before we hear from Newport, R. I. We know we haven't the reputation that you have but we are game. We will play any baseball team, with or with out a reputation, we are in it for sport..

BUYS OLD HOUSE; FINDS 55 BOTTLES OF LIQUOR

Flushing, N. Y., June 13.—Frank Brossaro, who recently purchased the Hicks homstead, one of the landmarks of this Long Island suburb, was convinced today that prohibition in America was anticipated years ago.

The Hicks house was built two centuries ago. Mr. Brossard had carpenters and painters renovating the building and they came upon a secret door in the wall. It sprang open, revealing 55 bottles of a brand of whisky that once was popular. Mr. Brossard was not sure whether he could be arresetd for purchasing liquor.
